Password DO's

Password DON'Ts

The STATISTICS

62.9%

of people change their password only when prompted to do so.

– 2021 GoodFirms Password Strength and Vulnerabilities Report

33%

of account-compromise victims have stopped doing business with companies and websites that leaked their credentials.

– Lawless Research/Telesign

Only
15%

of IT administrators enforce the use of two-factor authentication.

– LastPass

Over
80%

of breaches are attributed to stolen credentials.

– 2022 Verizon Data Breach Investigations Report

Find out how your practice can further prioritize its security measures by migrating to Greenway Secure Cloud. Contact your Greenway account representative today.
