\$11K

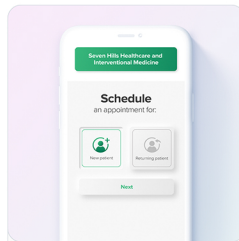

\$11K collected in the first month with HiP Advance eBilling

40%

40% reduction in paper statement volume in the first month with HiP

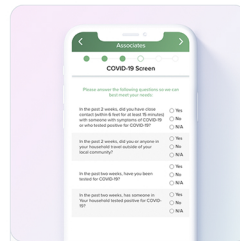

Reduced Bad Debt

Significant reduction of bad debt

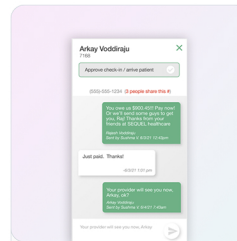

HiP Scheduling

Allow patients to request appointments from anywhere any time.

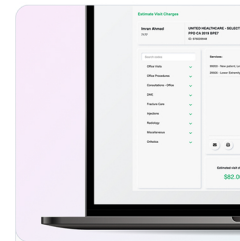

HiP Patient Pre-screens

Collect important information up front with our patient pre-screens.

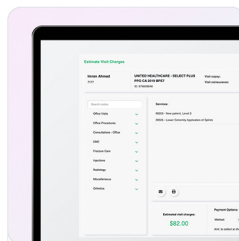

HiP Chat

Send patients important non-clinical messages and they can respond for faster and easier patient interactions.

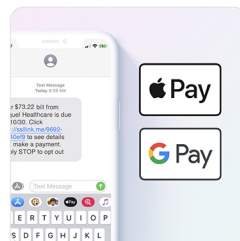

HiP Express Check-in

Convenient, touch-free, no password to remember, no apps to download, 100% mobile check-in eliminating the clipboard & pen routine.

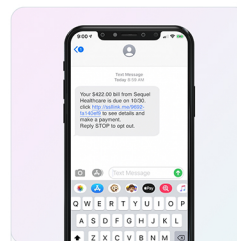

HiP Cost Estimator

Provide patients with on-demand, clear cost estimates for services.

Multiple Payment Options

Our payment software offers multiple payment options so patients can pay in the way that suits them best.

HiP Advanced eBilling

Collect more patient payments, faster. Utilize text-to-pay and email-to-pay and present patients with a fast, secure, and easy way to make payments.
