

Top 5 Reasons to go Digital

Greenway
Health™

WITH GREENWAY DOCUMENT MANAGER™

Transform your workflow with Greenway Document Manager! Bring a new standard of efficiency to your practice with digital **faxing**, **secure messaging**, and **document scanning capabilities**. Greenway Document Manager empowers practices to cut down on time-consuming tasks like scanning paper charts and handling faxes, while seamlessly integrating documents into your Greenway EHR from anywhere. Enjoy flexible workflows for effortless document assignment and routing, maximizing productivity and operational benefits.

1 INTUITIVE INTEGRATION WITH YOUR EHR

Seamlessly blends user-friendly interfaces with cutting-edge imaging technologies, creating a cohesive and efficient workflow.

2 OPTIMIZED EFFICIENCY

Drastically reduce administrative time and effort, empowering your staff to dedicate more attention to delivering exceptional patient care.

3 COST-EFFECTIVE OPERATIONS

Eliminate the need for external servers, per-page fees, and third-party vendors, resulting in substantial savings for your healthcare organization.

4 PATIENT-CENTRIC FOCUS

Instantly sends encounter notes to the patient's care team through automated faxing, ensuring a focus on personalized and attentive healthcare.

5 IMPROVE PATIENT CARE

Effortlessly organize and manage incoming information, promptly linking it to the patient's record for improved care management.

Contact your sales representative today to start enjoying the advantages of **going digital**.
