

Benefit Overview

GREENWAY DOCUMENT MANAGER™

GDM enables your practice to:

-  Enhance patient care
-  Provide a patient-centric approach
-  Allow for intuitive integration
-  Optimize efficiency
-  Reduce operational costs

Streamline Your File Processing and Stay HIPAA-Compliant

Greenway Document Manager is a **digital faxing, secure messaging, and document scanning solution** that provides financial and operational benefits by significantly reducing time spent scanning paper charts and processing inbound/outbound faxes.

KEY FEATURES:

- Seamless digital document hub with advanced workflows
- Automated processes through Adaptive Learning for efficient operations
- Accessible across browsers and devices for customer convenience
- Easy setup, requiring minimal IT resources
- Efficient document navigation with routing, delegation, and OCR text search
- Comprehensive annotations: Text, eSignatures, Highlighting & Redaction
- Eliminate third-party vendors for a unified document management solution
- Streamline and modernize scanning and analog faxing processes
