Give patients the freedom to take charge of scheduling while keeping your staff focused and your schedules full

Greenway Patient Scheduling—part of the Greenway Patient Connect suite—transforms the booking experience, giving patients the flexibility to schedule, reschedule, and confirm appointments at their convenience. Automated reminders and optimized provider availability reduce no-shows, improve patient flow, and free your staff from manual scheduling tasks.

KEY FEATURES:

- Flexible self-scheduling to accommodate patients' busy lives
- Automated reminders to minimize no-shows
- Enhanced provider utilization and optimized scheduling
- Improved staff efficiency; reduced manual workload
- A seamless experience from booking to check-in

The Automated Healthcare Practice powered by Greenway Health™
