

Benefit Overview

GREENWAY® PATIENT SOCIAL FRONT DOOR

Empower patients to take control of their healthcare journey while reducing administrative burden for your staff. With Greenway Patient Social Front Door, your practice can boost patient engagement, simplify scheduling, and improve online visibility—driving better outcomes for both patients and providers.

-  **Patient Feedback & Reputation Management** – Automatically request visit ratings and reviews to boost your online presence and attract new patients
-  **Effortless Scheduling via Google** – Patients can book directly from your Google Business Profile, reducing steps and administrative tasks
-  **Fewer No-Shows & Increased Efficiency** – Simplified scheduling tools enhance follow-through and maximize appointment availability

In today's digital world, patients expect easy and convenient ways to connect with their healthcare providers

Greenway Patient Social Front Door makes it easier than ever for patients to book appointments, provide feedback, and interact with your practice online. By integrating directly with your Google Business Profile, patients can schedule visits without extra steps, minimizing no-shows, and optimizing your front-office workflow.

CAPABILITIES:

- **Built-in integration with Greenway® Patient Connect**
- **Automated patient engagement workflows**
- **Real-time appointment booking via Google**
- **Increased visibility and patient outreach**

Welcome patients with a user-friendly digital experience—right from your practice's front door.
