

Greenway Secure Cloud: Built for Healthcare and Backed by Amazon Web Services (AWS)

When it comes to modernizing healthcare IT, Greenway Secure Cloud powered by AWS delivers unmatched performance, security, and innovation. As the **2025 Best in KLAS winner for Public Cloud**, AWS leads the industry with healthcare-specific capabilities—from AI-powered clinical tools to HIPAA-grade security and proven operational reliability.

	Amazon Web Services 	Microsoft Azure	Google Cloud
Best in KLAS Award (2025)	Winner	-	-
AI & Analytics Strength	Strong (HealthLake, GenAI chart search)	Moderate	Leading (AI/ML, data analytics)
Security & Compliance	Mature & HIPAA-compliant (MFA, firewalls, redundancy)	Mature	Improving
Healthcare-Specific Tools	FHIR support, eCR automation, population health analytics	Limited healthcare-specific tools	Strong in data-driven workloads
Operational Efficiency	98% reduction in P1/P0 incidents	Moderate	Moderate
Market Position	Leader	Strong #2	Niche Innovator
Integration Strength	Broad ecosystem	Best with Microsoft stack	Strong with Google services
Migration Risk	Low	Medium	Moderate
Cost Efficiency	High savings potential	Moderate	High upfront credits
