Greenway Prime Suite v22
Greenway Patient Portal v22
Greenway Insights v26
Greenway Electronic Case Reporting v1

To Drummond Group,

Please allow this letter to serve as Greenway Health, LLC's ("Greenway") Mandatory Disclosure Statement for all certified versions of Greenway products. In accordance with the Mandatory Disclosure Statement Instructions, the following is the exact disclosure language that will be used for this certified product:

All Greenway clients will receive new versions of products as a no-charge update. The Greenway EHR certified solution is a package offering consisting of the EHR, Greenway Patient Portal, Greenway Insights and Greenway Electronic Case Reporting, and are available to new customers either through a one-time license fee, to include implementation service fees, and ongoing annual maintenance and support, or in a hosted model with an upfront implementation fee and ongoing monthly hosted service fees. Incremental costs that an eligible provider would pay to implement to be compliant with the ONC Certification Criteria for Health IT, complete EHR may include:

Capability	Description of Capability	Costs or Fees
§ 170.315(b)(3) Electronic Prescribing	E-prescribing empowers providers to securely send paperless prescription requests to a pharmacy at the touch of a button	Prime Suite: One-time cost to implement e-prescribing Intergrity: Ongoing monthly licensing cost per provider.
§ 170.315(f)(1) Transmission to Immunization Registries	Immunization Registries provide a consolidated, reconciled source of individual level immunizations. They provide public health information on vaccine coverage in their communities, inform public health immunization policy and programs, and provide information to inform the outbreaks of vaccine preventable. For clinicians, IIS provide information that otherwise may not be found in their local health IT. IIS help prevent over vaccination, and provide information that can be helpful in determining “catch-up” schedules for missing vaccination	One-time cost to establish each interface. Ongoing monthly cost per organization to support each interface.
§ 170.315(e)(1) Patient Portal	Greenway Patient puts your patients’ healthcare record in their hands, whether they use a phone, tablet, or desktop. It is fully mobile and gives them a connection to your practice and their health.	One-time cost to implement patient portal. Ongoing monthly cost per provider to support patient portal.
§ 170.315(b)(1) & (h)(1) Direct Messaging	DIRECT is a relatively easy way to get providers engaged with clinical connectivity. It uses the same established protocols to ensure you can securely send clinical information through a commonly used communication channel that’s like email.	One-time cost to implement direct secure messaging. Ongoing monthly licensing cost per provider.
§ 170.315(f)(5) Electronic Case Reporting	Greenway's Electronic Case Reporting (eCR) is a managed services that solution automates the generation of public health case reports from electronic health records using FHIR standards.	One-time cost to implement eCR. Ongoing monthly cost per provider to support eCR.
§ 170.315(g)(10)	Greenway’s FHIR solution, via customer endpoints, is managed in the cloud for all customers utilizing Amazon Web Services.	Greenway incurs the cost to support the FHIR infrastructure and this cost is not passed thru to your organization. Due to the infrastructure costs, Greenway has adopted an Opt-In model.
